Hilfen aus einer Hand

What is it about?

- Gratuitous advisory services and assistance for refugees and people with an immigration history
- Support from immigration to naturalization
- Cooperation with administrative bodies, authorities and municipalities

What do we offer?

- Case managers are intermediaries, who help you to get in touch with different bodies (e.g. authorities, advice centers, school, kindergarten) and help you to apply for assistance services and make use of them.
- Case managers organize support services, if these cannot be achieved on your own.
- Case managers give help to solve problems by your own and develop perspectives for your own future.

Who do we assist?

- All people and families with immigration history who have a need for assistance

What we assist with?

We think together with you:

- What is important to you?
- What are your hopes for the future?
- What goals do you have?
- What can you do to make your life better?
- What assistance do you need in your daily life?

We will assist you! Advice in the consultation hours and upon individual consultation
